

Will you be a good neighbour?

VOLUNTEERS NEEDED in the Stillorgan - Blackrock area

Living Well with Dementia is a community project to raise awareness, reduce stigma and provide support for people living with dementia in Stillorgan/Blackrock. The term dementia describes a set of symptoms that include loss of memory, mood changes and problems with communicating and reasoning. This community has the highest national urban prevalence of dementia (approx. 700 people).

Many people with dementia are capable and would like to continue life-long interests and activities of everyday life. All they need is a supportive community and good neighbours.

We welcome volunteers in the areas of:
Befriending, Event Support, Recreational Activities (e.g. walking, choir, baking), Transport

Training and volunteer support are provided.

Living
Well with
Dementia

Stillorgan - Blackrock

A community project to see the person and not the dementia.

INFORMATION NIGHT

Thursday May 9th at 7pm

Southside Partnership

Old Post Office, Main St, Blackrock
